

SUNRISE 365® QUICK START

HIT THE GROUND RUNNING ON DYNAMICS 365 IMPLEMENTATIONS

Getting you live on Microsoft Dynamics 365 is the core of our business. With hundreds of successful deployments and decades of experience under our belts, we needed a way to deliver repeatable and predictable success “The Sunrise Way”— for every customer, every time. That’s why we created Sunrise 365 Quick Start, which bundles software and services into a project management tool you can leverage for new implementations or upgrade projects.

You’ll gain instant value and accelerate your Dynamics 365 deployment with industry best practices, processes and guides, pre-set configurations, and mappings. Plus, you’ll be able to ensure quality, accountability, and progress with an exclusive cloud-based project management tool that lays a strong roadmap for success.

KICK OFF WITH QUICK START

Find out how fast and affordable deploying Dynamics 365 with Sunrise 365 Quick Start can be! Sunrise deployment and support regions are everywhere you do business across North America, Europe, and Asia. Let us help maximize your investment and meet your business goals at a tremendous value.

INDUSTRY BEST PRACTICES

Why start your business transformation from scratch? Leverage decades of consulting experience and proven industry best practices during your implementation.

PRE-SET CONFIGURATIONS

There are thousands of ERP and CRM tasks that need to be done to implement Dynamics 365, and that’s why having them pre-loaded in our cloud-based project management software is so valuable.

SIMPLIFY SETUP

We can help you save time at the start of your Dynamics 365 implementation. Since all projects start with the same routine instance setup work, we standardized common tasks, which reduces consulting service time and cost.

WHY SUNRISE

Why work with Sunrise? In addition to our hundreds of successful go-lives, we've got a few other secrets to our success...

AWARD WINNING

Sunrise is consistently recognized by industry leaders and Microsoft for superior service, dedication to Microsoft Dynamics 365, innovative industry solutions, and for our history of successful implementations around the world.

PROVEN SOLUTIONS

Since 1994, we've been helping brands improve their processes and operations. Today we offer insights, methodology, and exclusive functionality through Sunrise 365 and Sunrise Compass.

INDUSTRY EXPERIENCE

From the start we have believed in being great at a few things rather than "just OK" at many. This laser-like focus on key industries and a single product line means we can offer consistent, successful results to our clients time after time. .

CLOUD PROVIDER

We're all in on the cloud and have been since day one. As a Microsoft Gold Certified Cloud Provider, we're here to help you transition your business to the cloud, and then support you at every step of your cloud journey.

LOCAL (BUT GLOBAL)

With headquarters in Winston-Salem, North Carolina, Sunrise has regional offices spanning North America, Europe, and Asia. You can count on Sunrise to bring industry expertise to the table, everywhere you do business. .

LIFETIME SUPPORT

Why hire freelance consultants or expensive staff when you can leverage pay-as-you-go Global Support from Sunrise? We offer a cost-effective support umbrella with 24x7 coverage across North America, Europe, and Asia.

NEXT STEPS

Sunrise Technologies is a premier provider for Microsoft Azure, Dynamics 365 and Power Platform for apparel, footwear, consumer products and manufacturing companies. We deliver game-changing, global, Tier 1 supply chain solutions without the cost and complexity.

Sunrise offers a one-stop, end to end industry solution to deploy, enhance and support Dynamics 365 for a lifetime. Plus, customers can hit the ground running with industry best practices, pre-built configurations and a proven methodology. With offices and deployment capabilities in North America, Europe and Asia, we are everywhere you do business.
