SUNRISE 365® SMART SUPPLY CHAIN

ALLOCATE. SIMULATE. RELEASE. AN END-TO-END ORDER MANAGEMENT SOLUTION FOR ANY ERP SYSTEM

A missed delivery date here. A sudden demand fluctuation there. You know how quickly conditions can change when it comes to managing your supply chain. You need a solution that moves as fast as you do. Our soft allocation and order release solution is now available for any ERP system. Sunrise 365 Smart Supply Chain combines Microsoft Dataverse, Power Apps, Power BI, Azure Synapse, and 30 years of supply chain planning experience to provide a fast and secure inventory planning, optimization, and order release solution.

NOT ALL DEMAND IS CREATED EQUAL

Determine the most optimal spread of your inventory, quickly regroup when conditions change, and release orders according to fulfillment policies that vary by demand source. Sunrise 365 Smart Supply Chain allows you to prioritize demand signals and maximize fulfillment. Easily expose shortages and excess inventory, run "what-if" scenarios, and take quick action.

ACHIEVE REAL RESILIENCE

Whether you're a small business or a global enterprise, supply chain issues affect organizations of all sizes. The flexible allocation and order release capabilities in Sunrise 365 Smart Supply Chain can help you analyze your supply chain and build a more resilient brand.

MITIGATE RISK

See the real impact of a missed delivery date, vendor cancellations, and excess inventory. Sunrise 365 Smart Supply Chain makes it easy to spot shortages and excess inventory, run customer and vendor exclusions, and analyze the financial impact of different scenarios.

BUILT FOR THE CLOUD

Sunrise 365 Smart Supply Chain is an Azure Data Solution hosted on Microsoft Dataverse, making it fast, light, and compatible with any ERP system. It fuses 30+ years of supply chain expertise with the power of Microsoft Azure to provide insights at hyper speed.

WHY SUNRISE

Why work with Sunrise? In addition to our hundreds of successful go-lives, we've got a few other secrets to our success...

AWARD WINNING

Sunrise is consistently recognized by industry leaders and Microsoft for superior service, dedication to Microsoft Dynamics 365, innovative industry solutions, and for our history of successful implementations around the world.

PROVEN SOLUTIONS

Since 1994, we've been helping brands improve their processes and operations. Today we offer insights, methodology, and exclusive functionality through Sunrise 365.

INDUSTRY EXPERIENCE

From the start we have believed in being great at a few things rather than "just OK" at many. This laser-like focus on key industries and a single product line means we can offer consistent, successful results to our clients time after time.

CLOUD PROVIDER

We're all in on the cloud and have been since day one. As a Microsoft Gold Certified Cloud Provider, we're here to help you transition your business to the cloud, and then support you at every step of your cloud journey.

LOCAL (BUT GLOBAL)

With headquarters in Winston-Salem, North Carolina, Sunrise has regional offices spanning North America, Europe, and Asia. You can count on Sunrise to bring industry expertise to the table, everywhere you do business.

LIFETIME SUPPORT

Why hire freelance consultants or expensive staff when you can leverage pay-as-you-go Global Support from Sunrise? We offer a cost-effective support umbrella with 24x7 coverage across North America, Europe, and Asia.

NEXT STEPS

Sunrise Technologies is a premier provider of Microsoft Azure, Dynamics 365, and the Power Platform for apparel, footwear, consumer products, and manufacturing companies. We deliver game-changing, global, Tier 1 supply chain solutions without the cost and complexity.

Sunrise offers a one-stop, end-to-end industry solution to deploy, enhance, and support Dynamics 365 for a lifetime. Plus, customers can hit the ground running with industry best practices, pre-built configurations, and a proven methodology. With offices and deployment capabilities in North America, Europe, and Asia, we are everywhere you do business.
